NOMBRE ET SUPERFICIE DES  
FERMES DE RECENSEMENT

NUMBER AND AREA OF CENSUS-FARMS,  
FOR PROVINCES AND  
CENSUS DIVISIONS

This report presents the number and area of all census-farms reported in the 1971 Census of Agriculture with comparable totals for the 1966 Census.

"Census-farms" are defined as agricultural holdings of one acre or more with sales of agricultural products during the 12 months prior to June 1, 1971 of \$50 or more. This is the same definition that was used in the 1966 and 1961 Censuses.

In some sections of the Province of Quebec, the land measure is the "arpent" and respondents reported area data in this unit. The conversion to acres was made by Statistics Canada, using the factor "1,000 arpents equal 845 acres".

NOMBRE ET SUPERFICIE DES FERMES  
DE RECENSEMENT, PROVINCES ET  
DIVISIONS DE RECENSEMENT

Ce bulletin présente le nombre et la superficie des fermes de recensement déclarées au recensement de l'agriculture de 1971 et les totaux correspondants du recensement de 1966.

Une "ferme de recensement" se définit comme une exploitation agricole d'une acre ou plus avec des ventes de produits agricoles de \$50 ou plus au cours des 12 mois précédant le 1er juin 1971. Cette définition est la même que celle employée aux recensements de 1966 et de 1961.

Dans certaines parties de la province de Québec, la mesure agraire est l'"arpent" et le recensé a inscrit les superficies suivant cette mesure. La conversion en acres a été faite à Statistique Canada, à raison de "1,000 arpents pour 845 acres".
